

Agreement Recognizing the International Legal Personality of the Partnerships in Environmental Management for the Seas of East Asia

THE PARTIES TO THIS AGREEMENT,

RE-AFFIRMING that the Haikou Partnership Agreement on the Implementation of the Sustainable Development Strategy for the Seas of East Asia (the Haikou Partnership Agreement) and the Partnership Operating Arrangements for the Implementation of the Sustainable Development Strategy for the Seas of East Asia (the Partnership Operating Arrangements), adopted and signed at the Ministerial Forum held in Haikou, China on 15 December 2006, transformed the Partnerships in Environmental Management for the Seas of East Asia (PEMSEA) from a project-based arrangement to the regional mechanism mandated for the implementation of the Sustainable Development Strategy for the Seas of East Asia (SDS-SEA);

RECOGNIZING that this mandate requires PEMSEA to carry out its responsibilities through contractual relations and collaborative arrangements and to manage and conserve its property and resources in accordance with best practices, as it provides technical advice and assistance and promotes bilateral and multilateral cooperation in the region;

AWARE that PEMSEA, supported by the Global Environment Facility, implemented through the United Nations Development Program and executed by the International Maritime Organization and United Nations Office for Project Services, has been playing a critical role in establishing stakeholder partnerships and building confidence to address the increasing environmental challenges in the Seas of East Asia Region since 1993;

RECALLING that the States of the Seas of East Asia Region, through the Putrajaya Declaration signed in Putrajaya, Malaysia on 12 December 2003 adopted the SDS-SEA as a common platform for regional cooperation and as a framework for policy and programme development and implementation;

CONSCIOUS that the signatory countries to the Haikou Partnership Agreement and the Partnership Operating Arrangements (Partner Countries) established the organizational structure of PEMSEA to ensure the effective implementation of the SDS-SEA;

MINDFUL, that the non-country signatories to the Partnership Operating Arrangements (Other Partners) act in synergetic and cooperative unity with the Partner Countries to carry out the broad-ranging functions set forth in the Haikou Partnership Agreement;

ACKNOWLEDGING that PEMSEA, represented by its Interim Executive Director, and the Department of Environment and Natural Resources of the Philippines (DENR), represented by its Secretary, entered into a Memorandum of Agreement in July 2007 under which the latter commits to host PEMSEA and provide office facilities for its use located within the DENR Compound, Visayas Avenue, Diliman, Quezon City;
